

Hello,

My name is Sarah Urhie and I am a 3rd year student studying Sociology here at Coventry University. I have chosen to include one of my assignments as part of the degree show which was a blog post centred around political events. I chose to write about the events of 2020 in relation to the BLM movement and this piece of work was important to me seeing as it represents me as a young black women in society. The piece resonates with me due to it being something that I was actively involved in and something that I was able to witness first hand so for that reason, I was inclined to include the BLM events in my work. I hope you enjoy it!
