

Casting Script Example for Supporting Role

by Aivaras B.

Directors comment:

Before sending the show reel, make sure you filmed yourself acting out ALL OF THE SCENES. Your lines are highlighted in yellow. Good Luck!

Character:

The guy. His most noticeable feature is the expressive face. He is a laid-back young adult. He struggles to see himself as part of his partners life. And so, his expressions of being constantly pushed back are always apparent.

Scene 01

INT. HOUSE

The influencer is recording a promotional story with her phone of a random item she was sent by her sponsor. The boyfriend is sitting on the couch and waiting for an opportunity to offer an evening activity. As soon as the influencer stops recording, he tries to make conversation. Not talking directly to her, but rather speaking across the room.

GUY

Hey, uh, I wanted to suggest something to do this evening, I hope you are down because it's been quite a while since you had time to unwind.

He stutters at times, but is rather confident in his speech. Suddenly, he is interrupted.

INFLUENCER (CONT'D)

Yes yes, but no. I have to record a DIY today with the new cameraman. This new project is going to be a blaaaast. And you know the rule of people getting in my shots.

He's perplexed. Giving an unsure answer he looks directly at the camera with a plain face full of neglect.

GUY

Oh, right..

Scene 02

INT. HOUSE

The couple has a fight. The boyfriend expresses his discontent with his household being used as a film set. He condemns her on bringing in even more people to fulfil her lust of quantitative content creation. His voice keeps getting louder and more enraged.

GUY

This is just over the top now. I told you to rent a studio for your "unboxing" and promotional videos. Get an office like normal people. Now we have a cameraman filming every detail of our personal lives!

The girl disregards the arguments and brings up her own.

INFLUENCER

You know I can't do that during a freaking pandemic. And if I would, you think I'd travel the city every day? You want me to get infected?

GUY

Many people work like that. If you'd actually follow the rules and regulations, you wouldn't worry about that!

The guy sighs, lowers his voice and calmly expresses.

Just level with me and tell me the real reason why you don't want to move office.
