

Yagmur Beril Dikmeci

Interior Designer

Profile

During my time as an interior designer, I took part in both construction site and design. In both positions, I have improved valuable skills, such as space planning, hand drafting, rendering, model making, as well as, time and project management, being compatible in teamwork and efficiency, observation.

As an interior designer, understanding and supplying client's need is my priority. My duty to work with others to create space that ensures our client's vision and desire. An interior space requires function, aesthetic and quality design. It is significant to show the beauty of the design while blending the beneficial solution between elegance and function.
